

Australian Vine Improvement Association

Incorporated

CSIRO CLONAL LIST - 2008

The following is a list of clonal material *potentially* available from CSIRO in season 2008. All orders of this material are to be placed through the Australian Vine Improvement Association (AVIA). The cut off date for orders for CSIRO material is May 16, 2008.

The cost of CSIRO material is \$30.00 administration fee (GST exclusive) per variety or clone and \$2.00 (GST exclusive) per approximate 40cm cutting. An additional cost for PCR testing (as set out by AVIA) will also be incurred.

The final availability of this material will be determined by results from PCR testing in winter 2008 and by the need for material by CSIRO for research purposes.

The list is reviewed each year.

<u>Variety</u>	<u>Clone</u>	<u>Accession Number</u>
10868 Seibel		IC84.8483
1103 Paulsen	ISVC	IC80.8339
