Variety	Clone	Number of cuttings

I agree to pay a non-refundable payment of \$250 for PCR testing and that in the event of a positive PCR test for anything other than GRSPaV the material will not be available.

I also agree that if the PCR test is negative (except for GRSPaV) I will pay the following charges:

1. An upfront payment of \$500 per variety.
2. \$2.00 per cutting (minimum charge \$100 per variety)
3. An administration charge of \$50 per order and any other associated costs such as plant health certificates, hot water treatment and postage.

I understand that I will be required to sign a supply agreement for any Third party owned material before receiving any cuttings.

I also agree that I will be responsible for organising any import permits which may required and inform AVIA of their responsibilities in regard to organising cutting dispatch.

I also understand that I will be required to pay for the cost of the PCR testing prior to testing and 50% of any other costs prior to the cuttings being taken.
